

Project 350

This is how we plan to fund this project and the wider ministry of Family Focus.

We need the following funding:

£90,000 for the construction and equipment of the centre. This would be fully met by **350 donations of £10/month for 2 years** (assuming a quarter of these donations are gift aided). If each of these donors were to continue for 3 years, the final phase of the project, the construction of the residential accommodation block, would also be fully funded. If you decide to support this part of the project, please let us know that you are prepared to continue for 3 rather than 2 years to fund the final phase of the construction.

£350 per month for 3 years to fund the running of the centre until self sufficiency is attained. This includes salaries. This need would be fully met by **35 donations of £10/month for 3 years.**

£105 per month to pay the salary of our full time worker. This target would be met by **3 donations of £35/month for three years.**

If you can help, please let us know for our records and send the detachable form to SIM-UK designating your regular or one-off gift as follows:

Family Focus Ministry Centre PE 91548

For gifts towards the building of the Christian training centre for Arequipa.

Family Focus Maintenance PE 91595

For gifts towards the running of the training centre until it is self-financing.

Family Focus Peru PE 89271

For the salary of our worker until self-sufficiency is attained.
